McBARLEY'S KETTLE BEERS

McBarleys Kettle beers are for those who demand premium beer, but don't want to pay a premium price. Our beers are as good as any produced in West Coast micro-breweries – at a fraction of the cost.

We can replicate any beer flavour or style using all-natural malts, barley and hops and the valley's finest water. Refrigeration is required and best consumed within 4 months. Guaranteed satisfaction or we will replace it.
